Projects

Presentation Feedback Full-Stack Web Application — ==LINK TO REPO==
- Developed a full-stack web application using Ruby on Rails for backend, with JavaScript, HTML, and CSS for a responsive, user-friendly design
- Provided a platform for presenters to upload presentations and invite attendees to review, offering in-depth feedback to presenters
- Implemented RESTful APIs to handle user authentication, sessions, data storage, and real-time interactions between presenters and their audience
- Took on a leadership role in facilitating team collaboration and meeting deadlines

Java Tag Cloud Generator?? — ==LINK TO REPO==
- This one might not be good enough for a resume
- Something that someone uses to solve a problem. Something that has users (can be just you, as long as you use it often) and is actively maintained and not just rotting in a GitHub repo, never to see a PR for the rest of its life

Experience

Team Member, Brassica – Columbus, OH — May 2022 – Present

Job Title, Company – City, ST — June 2014 – July 2014
- Start each bullet with a strong, past-tense action verb
- Having trouble coming up with content for your bullet points? Read these: link 1, link 2, link 3, link 4
- Each bullet point should be 1–2 lines long and max 1 sentence long. Use Quillbot, LanguageTool, and Hemingway Editor to help you paraphrase and shorten them
- Don't let bullets spill onto the next line with only 1–4 words on it: https://imgur.com/QCcZ792
